

“What’s wrong Davy?” She asked

“Mom, I got so tired at practice today, and my tummy really hurts.”

“I’ll call Dr. Lane and we’ll get an appointment and see what the doctor thinks,” Mom told me.

The next day, my tummy still hurt. Mom, Dad and I went to see Dr. Lane. He checked me over and drew some blood. When he poked around on my tummy, it really hurt.

Dr. Lane said, “I need to do some special tests Davy. After I look in the microscope and check your x-rays, I’ll visit With you and your Mom and Dad.”
